OR

Solve the following case. b) The Titan Group was winga complex, 100% paper process for performance reviews and check-ins for more than 15,000 global employees. They wanted to move toward a digital performance management strategy but knew they needed to simplify the process first. Titan Group set up four traditional components that were stretched across three strategic touch points throughout the year. These touch points were supplemented with ongoing performance management system initiated by the HRD. Titan Group were happy to see immediate progress.

92% of employees were participating in goal-setting reviews, setting an average of six goals per employee.

However, when they dug into the date, they found that 35% of individual goals created were misaligned or did not have an impact on the organization and its srategic priorities.

- Explore the ways to simplify the problems as a HR manager. i) ii)
